

Fix Your Customers' Hybrid Cloud Storage Problems

Unmatched Margins

Next Gen Technology

Save customers up to 60% on storage costs annually

Every business struggles with storage problems.

Amove CLICK is a new powerful cloud storage management platform that solves almost any storage problem, while saving customers incredible amounts on storage costs and time.

At its core, Amove CLICK is about breaking down barriers. Our API-driven app connects over 60 cloud storage providers and mounts them as a local drive on your Windows or macOS desktop.

The migration service CloudFlyer allows users to drag and drop unlimited data between any provider. Perfect for backups or transitions to more cost-effective cloud storage.

Migrations are free when moving from anywhere to one of Amove's 4 storage options.

Free Storage Migrations
25 TB up to 5 PB

Change the Game... And Your Bottom Line

Resellers and service providers need a new way to drive revenue that recognizes their value - That's where Amove comes in!

- **Deal registration** to protect the opportunities you bring in
- **User management** dashboards for seamless customer oversight
- **Localized pricing** for smoother transactions in your region
- **Forward thinking roadmap** that will redefine how storage is sold!
- **Unmatched Cloud Storage reseller margin**

We're looking for strategic partners that know how to add real value. Those who want to be part of changing the landscape of storage sales.
